

## How to become a FairCoin chain admin

A chain admin must fulfill the following criteria:

- availability within days, in an emergency case within a day
- they need to co-sign within the block spacing time frame
- secure communication channel (now with pgp or Telegram, in future maybe via core wallet blockchain)
- technical skills for Linux terminal handling
- active in FairCoop network and in FairCoin community
- must have read the FairCoin White Paper latest version and be able to answer questions
- must be proposed by two people, who have to have met the new chain admin at least once in person (web-of-trust)
- should agree to values such as fairness, cooperation, circumspection, justice, equality, ecology.

If you think you would like to join as a node operator or a chain admin, do not hesitate to contact us at [coop@fair.coop](mailto:coop@fair.coop) . Chain admins are not paid.
