

We want to develop a list of our manual and recommendations for some of software we use:

- [Wordpress Good Practice](#) (outdated)
- [Drupal Good Practice](#) (outdated)
- [Redmine Good Practice](#)

-
- [FairCoop wiki](#)
 - [Create a post and other amenities when editing a Grav blog](#)
 - [Tunderbird Mail Client Guide](#)

NB : for the moment, we don't have other manuals and recommendations for the other software we use. You always can contact us if you have any questions about the use of any software
