

× **The FairCoop Wiki is currently under construction.** If you want to help to add content or make it more intuitive join us in the [FairCoop Wiki telegram group](#).

Welcome to the FairCoop Wiki

FairCoop is a Global movement of people who are in the process of setting up a selfmanaged, cooperative, supportive, ecological, and autonomous socioeconomic ecosystem for the transition to alternative models of organization based on justice and equity. FairCoop promotes the use of FairCoin as reserve and for real economic exchanges. FairCoin is a digital currency (cryptocurrency) that is fair, ecological, decentralized, and supportive of the common good.
